

2017 ANNUAL REPORT

Lifting up the voices
of leaders with
disabilities

The Disability Rights Fund (DRF) and the Disability Rights Advocacy Fund (DRAF) are together a grantmaking collaborative between donors and the global disability rights community that empowers persons with disabilities to advocate for equal rights and participation in society.

Through grantmaking, advocacy, and technical assistance, the Funds support Disabled Persons Organizations (DPOs) to use global rights and development frameworks, such as the Convention on the Rights of Persons with Disabilities (CRPD) and the Sustainable Development Goals (SDGs) — ensuring no one is left behind.

OUR IMPACT

DRF and DRAF are making a difference in the lives of persons with disabilities by supporting Disabled Persons' Organizations at the global, national, and local levels. We:

- Increase participation of persons with disabilities in human rights and development processes
- Support systems change by pushing for national and local legislation, policy, and government programs that protect and promote the rights of persons with disabilities
- Raise the voice and visibility of the diversity of persons with disabilities to strengthen inclusive movements

We track our results with a robust monitoring, evaluation, and learning system. **The impact of our work since the inception of our grantmaking in 2008 includes:**

- 97 national level legislative, policy, and government program changes secured with grantee input and 67 additional underway
- 52 local level legislative, policy, and government program changes secured with grantee input and 47 additional underway
